Ages and Stages Questionnaire & Ages and Stages Questionnaire – Social Emotional Consent Form

The Cooperative Children's Center has my permission to use the Ages and Stages Questionnaire screening tools with my child. The ASQ and ASQ-SE will be kept confidential, only to be shared with the child's family and teacher. A copy of the ASQ will be provided for your home records and kept in children's confidential file in the office. We encourage families to participate in the screening, but are able to do a portion without parent(s) being present if that is what the family desires. These assessments will be done within 90 days of enrollment or at least once a year and families will be notified prior to the screening to set up a date and time.

- Yes, the Co-op may perform the screening tool with my child and myself
- Yes, the Co-op may perform the screening on my child
- No, the Co-op may not use the screening tool on child
